

CELEBRATE OUR COMMUNITY

...and create harmony park

Woodlawn is a community on the move! Long celebrated for our livability, diversity, and open green spaces, Woodlawn strives to enhance the quality of life for its residents as well as attract new families and development to the village.

With our expanding bike/hike trail system, the beautiful Glenwood Gardens, and centrally located recreation center and pool, Woodlawn is seeking to connect these assets as it promotes healthy active lifestyles. To this end, the Woodlawn Community Improvement Corporation, a non-profit 501(c)(3) organization, has initiated a campaign to raise private support to build Harmony Park.

Harmony Park will be a unique outdoor park with freestanding musical instruments located in the heart of the village. These innovatively designed instruments are durable, sustainable, and perfectly tuned. They harmonically enhance group play and foster a sense of belonging. No power is required!

Playing music is fun, especially when there are no wrong notes! It builds confidence, encourages creativity and makes people healthier and happier. Playing music with others fosters deep listening, respect, a sense of belonging, and builds community.

The park and instruments will be ADA accessible, and wide sidewalks will link the park to our trails, recreation center, and village gazebo. Harmony Park will draw in children and adults alike to play and enjoy; to celebrate, cooperate, and harmonize.

Please join us in supporting this destination park that is sure to be a regional draw to our beautiful community. There are opportunities to sponsor each of the eight instruments, as well as benches and other park amenities. We welcome gifts of all sizes! Donations of \$100 or more will be recognized on a permanent display in the park. The anticipated construction date is July 2023.

Potential Park Configuration
